

Step 13b: Return to previous steps and establish revenue increases or expenditure reductions in order to yield non-negative ending fund balance.

Do totals from Instruction Change equal difference column from Instruction?

YES

Do totals from Support

Change equal difference

column from Support?

YES

Is the ending fund balance (Line 29) (Cell Q32) a nonnegative number?

YES

District Information								
District Name	Bridgeport-Spaulding School District							
District Code	73180							
Address	4691 Bearcat Blvd, Bridgeport, MI 487	22						
Superintendent Information								
Name	Carol Selby (Interim)							
Email Address	selbyc@bscs.k12.mi.us							
Office Phone	989-777-1770 x3106 Cell 989-714-5980							
Business Manager Information								
Name	Melissa Cabine (Financial Consultant)							
Email Address	cabinem@bscs.k12.mi.us							
Office Phone	989-777-1770 x3111 Cell 989-385-5253

1. For which employee groups have negotiations been completed for 2014-15?

Answer: All Groups

2. For which employee groups have negotiations not been completed for 2014-15?

Answer: None

3. For which employee groups have negotiations been completed for 2015-16?

Answer: All Groups

4. For which employee groups have negotiations not been completed for 2015-16?

Answer: None

5. When is the next year employee negotiations will be open?

Answer: 2017-2018

6. Are projected savings from employee negotiations included in 2014-15?

Answer: No additional wage concessions, but no increases either. The teacher reduction is scheduled to go to 4.5%.

The steelworkers will go to 20% of their health and change health care plan. They also are giving up paid

holidays and leave days equivalent to a total of a 5% contribution.

7. Are projected savings from employee negotiations included in 2015-16?

Answer: No additional wage concessions, but no increases either. The teacher reduction is scheduled to go to 4.0%.

The steelworkers will go to 20% of their health and change health care plan. They also are giving up paid

holidays and leave days equivalent to a total of a 5% contribution.

8. What factors caused the school district's deficit?

Answer: Increase in staff which caused in salaries and benefits

9. What is the school district's plan to eliminate the deficit?

Answer: Administration has decided to decrease staff which results in decrease in costs for salaries and benefits for

teaching staff. Student growth has been up every year.

10. What subjects or instructional programs is the district proposing to discontinue or curtail?

Answer: None at this time

11. What support services would be reduced or eliminated?

Answer: None at this time

12. What specific steps have been initiated to carry out the plan?

Answer: Ratified contracts that meet the 3 year plan.

13. Please give the details of staff reductions for instruction, support services, and community services.

Answer: Reduction in staff was due to proportion of students enrolled

14. Please give the details of any proposed employee wage concessions. Have any of those concessions been adopted?

Answer:

Ratidied contracts through 2016-17. Teachers at 4.5%, 4% and 3%, Steelworkers the equivalent of 5% through wage, health care changes and reduced paid time off. Adminstrators meet their 5% by reduced contract

amentities and paying more than 20% towards their health care.

15. Please submit the most recent board approved budget along with the board resolution with which it was adopted or provide the URL at which it is located.

Answer: Attached to e-mail

16. Please submit the Board Resolution showing approval of this Deficit Elimination Plan.

Answer: The Board will approve DEP on January 12, 2015

17. List expected savings to be achieved by eliminating specific extra-curricular activities.

Answer: None at this time

18. Do you have a sinking fund? If so, what is it designated for?

Answer: No

## NARRATIVE SECTION

19. Are you current on payments to MPSERS, health insurance premiums, etc.? Answer: Yes we are

## **Monthly Budgetary Control Report Guidance**

The Michigan Department of Education (MDE) Monthly Budgetary Control Report can be a valuable tool for monitoring the financial health of a school district if the report is completed using actual to-date and realistic projections of revenues and expenditures over the balance of the year. It is expected that the board/district would regularly review this report in order to determine the need for mid-year budget amendments. The procedures for analysis of this report are intended to encourage the board/district to monitor the Deficit Elimination Plan (DEP) vs. actual revenues and expenditures in a timely fashion.

These monthly reports are due by the end of the following month. For example, the November report is due by December 31st. The district should begin sending these reports immediately after the DEP has been approved. For example, if the MDE approved the DEP in November, we would expect a November report by the end of December. The local school board does not have to approve the reports. These monthly reports should be sent to Chad Urchike at urchikec1@michigan.gov and to Jeff Kolb at kolbj2@michigan.gov.

The following is a breakdown of the Monthly Budgetary Control Report. The guidelines help explain what information the MDE is looking for in these reports. An example of a completed report follows this guidance.

#### Column A

This column will automatically fill in with information from the DEP tab. It will always be based on your most current MDE approved DEP. Even if you submit a revised DEP, these monthly reports will still be based on your existing approved DEP. Therefore, it is important to create a new DEP worksheet when submitting a revised plan, as opposed to overwriting the numbers on your existing file. The only time column A will change is when the MDE approves a revised DEP. It is important to remember that this column represents your plan to eliminate the deficit. The information you provide in columns B and C will show how the district is performing relative to their approved DEP on a monthly basis.

#### Column B

This column represents monies the district has spent/collected, thus far, in the fiscal year. For example, the Budgetary Control Report for December would show how much the district has spent/collected from July 1st through December 31st. These numbers should always reflect the most current data for the accounts. This column starts with Beginning Fund Equity, which should be your audited fund balance as of July 1st. Until the audit is complete, the amount would come from the adopted budget for the current year.

#### Column (

This column represents monies the district projects to spend/collect during the rest of the fiscal year. For example, the Budgetary Control Report for December would show how much the district expects to spend/collect from January 1st through June 30th. Your DEP was developed using certain assumptions for revenues and expenditures. As the year progresses, these assumptions will be modified based on new information, such as more accurate pupil counts and staff concessions. After each monthly report is created, column C projections should become more accurate and certain adjustments may be needed in other areas. This detailed analysis can be a time consuming process, but it is essential for staying on the path to deficit

### Column D

Columns B and C are added, totaling what the district expects to spend for the year.

### Column E

This column will calculate the difference between column A (your DEP/Budget) and column D (what the district expects to spend). As the school year progresses, the MDE fully expects to see some variations in this column. One example is the variation between the Beginning Fund Equity balances. It is the difference between your projected fund balance and your audited fund balance. No variation within this column shows that the district is simply forcing the numbers in Column C to coincide with the DEP, as opposed to using authentic numbers that come from detailed budget analysis.

## Column F

This column will calculate the percentage difference between columns E and A.

### Variance Explanation Column

This column is used to explain the differences between the DEP and total projected expenditures. These explanations provide the MDE with some insight as to what is happening at the district.
